## SUMMARY

I am a Front-End developer, who is ready to fully use my resources and knowledge in the field of HTML, CSS, JavaScript, React, for the effective growth of the company. In my work, I use factors that qualitatively affect the result, such factors include:

- focus on results;
- a responsibility;
- competent analysis of the task and planning for further implementation;
- the ability to work in a team and one of the main advantages I consider the desire to learn new things, improve my knowledge and skills, which will help me give the desired result to the company in which I work.

## PROJECT EXPERIENCE

### FILMOTEKA

Application for searching movies. Using: HTML, SASS, JS, Rest API, npm packages.
